What is HERBAGREEN

®

?

HERBAGREEN

®

is a foliar treatment

consisting

[Top](#)

How does HERBAGREEN

®

get into the plant?

HERBAGREEN

®

is dissolved in conventional water. Then, the solution is sprayed in fine droplets.

[Top](#)

Where does HERBAGREEN

®

come from?

HERBAGREEN

®

is an unique Limestone, mined in Rechnitz (Austria).

[Top](#)

What is HERBAGREEN

®

composed of?

It is typical for HERBAGREEN

®

to contain more than 17 minerals and trace minerals. This Limestone contains Calcium

[Top](#)

What is the secret of HERBAGREEN's

significant effects?

The patented Tribomechanical Activation of a certain Limestone. Conventional milling of Limestone could never achieve Nano Sized Particles, able to

[Top](#)

What is the law of Justus von Liebig, the "LAW OF THE MINIMUM"?

The German Scientists Justus von Liebig is called the "Father of fertilizing". He developed the "Liebig's Law of the Minimum". The plant growth is determined by

[Top](#)

How is HERBAGREEN

®

applied, how often should it be applied during the growth period of a plant?

HERBAGREEN

®

is a foliar nutrient, thus it is applied on to the leaves of a plant. We recommend

[Top](#)

What effect does HERBAGREEN

®

have on plants?

In general, HERBAGREEN

®

activates the Photosynthesis of the plants within short time. It is significant for

[Top](#)

What types of plants is HERBAGREEN

®

effective on?

HERBAGREEN

®

has a lot of proven results

– scientific

[Top](#)

How is HERBAGREEN[®] different from fertilizer?
Most fertilizers contain mainly Nitrogen (N), Phosphorus (P) and Potassium (K), which are called macronutrients. Plants require macronutrients with the

[Top](#)

If a farmer uses HERBAGREEN[®], how much other fertilizer can be reduced?
In average, farmers can reduce their NPK fertilizer by 50 % to 70 %. The plants are able to especially their roots colonized by Microbes to bridge up

[Top](#)

Can Pesticides and Fungicides be reduced by using HERBAGREEN[®] ?
Of course. As HERBAGREEN[®] reinforces the plant, its Immune System is getting stronger too. The reduction can

[Top](#)

Is HERBAGREEN[®] organic?
HERBAGREEN[®] is listed within the European Community for use in organic production.
